18 x 40mm

Gift Box Included

Length of all bracelets is approximately 8" to 8 1/2".

Magnetic Bracelets

Magnetic Theory is a natural treatment involving the exposure of certain body parts to magnetic fields. These magnetic fields help to improve blood circulation and stimulate the body to heal itself. Wearing a magnetic bracelet can help as a remedy for migraines, neck and back aches, arthritis and muscle cramps by restoring the body's energy balance. Magnetic products are considered to be unproven remedies.
